SOME QUESTIONS TO ANSWER

What livestock diseases are of most importance in your county?

What is the recommended wormer for the animal used in this project?

What kind of wormer did you use, if any?

Why do you think records are important?

Did you visit a good livestock farm during this project?

_____ Yes _____ No

If so, what did you learn?

EXPRESS YOURSELF

On a separate sheet of paper write a story about your experiences in this project. Please include training or animal for showmanship, other learning experiences and who you feel you have gained in doing this project. You may want to keep a diary, recording how your animal behaved when you got him, how you felt the first time you were able to control him, any funny or important things that happened, etc. Please feel free to include pictures of you and your animal.
