

4-H Hatching Classroom Project

Egg-splore science, math and language arts through 4-H Embryology! Youth will discover science as they learn the life cycle from egg to bird. 4-H Embryology's Hatching Classroom Projects is correlated with the NC standard course of study for 2nd grade and is designed for youth in 2nd through 7th grades.

Participating classrooms will receive the 4-H Embryology Curriculum, 12 chicken eggs for classroom incubation and hatching, and loan of 4-H incubators and other supplies.

***Program takes at least 28 days from beginning to end.**

\$25.00 Registration Fee
