

Edible Garden

From Hmmm... to Yum!

Site

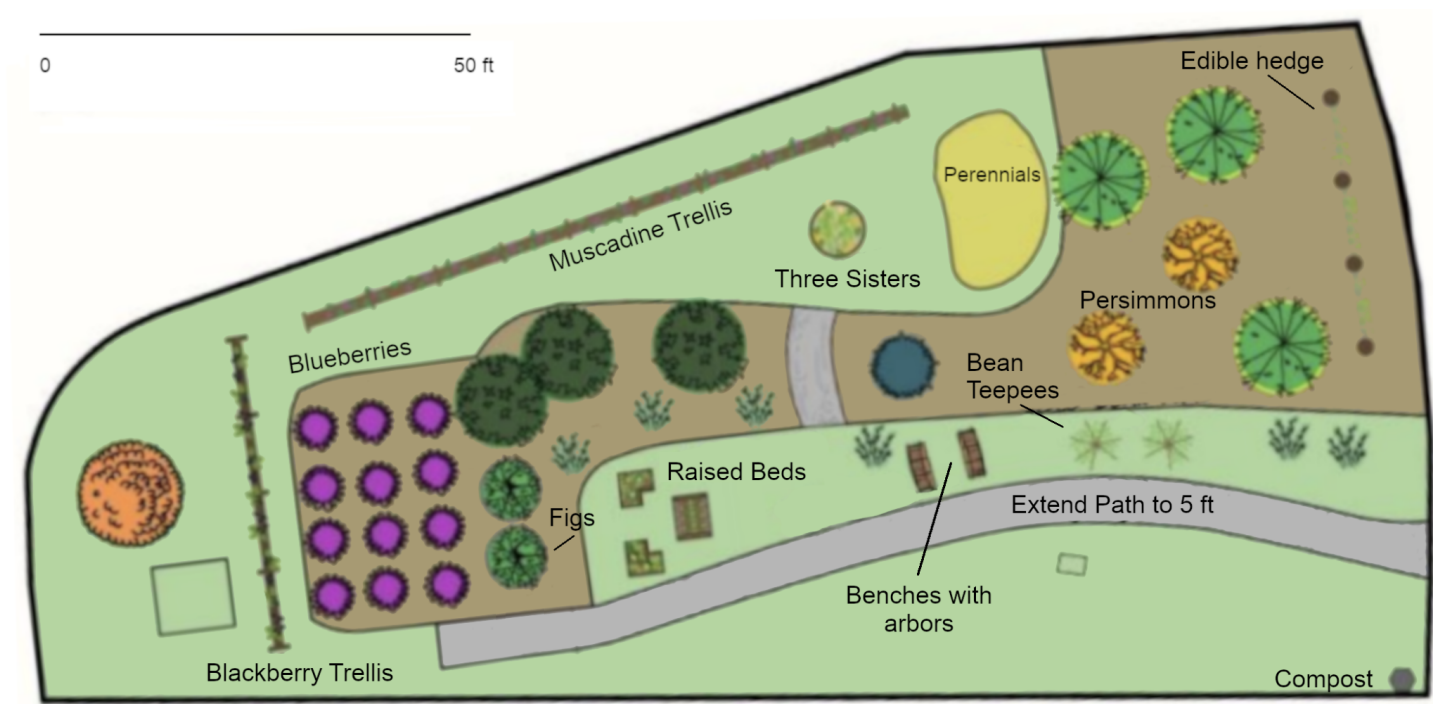

Design Goals

- Showcase affordable approaches for homeowners
- Year-round appeal, three-season yield
- Accessible, flat location, ADA-compliant raised beds and walkways
- Interactive features for children
- Welcoming ambiance with visual appeal, seating and shade, minimized highway noise
- Food for visitors and staff

Design Considerations

Site Conditions	Water Sources	Suitable Plants
Clay soil Full sun Weather Slope Highway noise	Rainfall Rain barrel Water spigot Xeriscaping	Low-maintenance Drought-tolerant, slow to bolt Thornless or self-fertile where applicable Variety of seasonal yields

Plot Plan

Cost Estimates

Plants			\$	Materials		\$
8	Muscadines		240	Arbors		130
	Raised bed plants		110	Bench		250
10	Foundation plants		54	Compost system		50
				Hardware supplies		100
				Soil amendments		250
				Sulfur, Shredded pine bark, Mulch		
			\$404			\$780

Total Cost: \$1,184
